Here is the latest news about our current Brigadoon dogs...

Journey is a smooth collie in training. He will demonstrate the skills that our assistance dogs are capable of performing. He will help in fund raising.

K.C. is son of Journey and Phoenix (a German Shepherd) and is training to be a wonderful assistance dog. Karl and Edwina Klee-man sponsored K.C. in memory of their good friends dog KC.

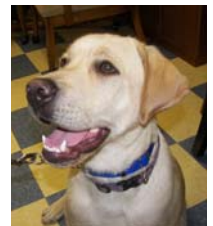

Tate is another smooth collie slated as a demonstration dog. He loves to perform. He spends part of the week with Leanne, a new board member who keeps his training up to standard.

Spinner is a 13 months old golden retriever and is assigned to help a little boy with autism. Spinner will be taught to keep this youngster safe.

Winston is a 19 month old yellow lab. He is one of our 2010 graduate hopefuls.

Sunni a golden retriever is Spinner's litter sister and very active.

We also have 3 smooth collie pups that are 11 weeks old.
